Recommendation Letter

To Whom It May Concern,

It is my pleasure to strongly recommend Mahmoud Othman for employment. I have known Mahmoud for the past period, during which time he worked as a "Web Developer". I have been consistently impressed with Mahmoud's attitude and productivity during the time that he has worked in the office.

During his time with Edexy, Mr. Othman has remained dedicated and loyal to his work and responsibilities with our company. His areas of responsibility were primarily front-end development, designing templates, using CSS, HTML, JavaScript, Drupal and Joomla, troubleshooting, and PHP programming backend codes. I can confirm he possesses the technical expertise and the advanced knowledge of several applications, tools, methodologies and best practices. He has done an exemplary job while in his role as a Web Developer at Edexy. He has always maintained a professional and courteous attitude and appearance while with our company.

For all of these reasons, I have no hesitation in recommending Mahmoud. He is one of the few professionals I know who would be completely capable, and we wish him all the best in his future career opportunities.

If you have any questions or need additional information, please feel free to contact me.

Sincerely,

Mohannad Shahin, CEO

Edexy
